

Bubble Dance

Fingerplay

**A little soap bubble went for a sail on a bright autumn day.
(small circle with one hand)**

**It bounced along to the wind man's song, away-away-away
(make bubble dance)**

Over the roof tops (fingers make roof)

Over the trees (hold up hands, fingers partial)

**It rollicked and frolicked about
(make bubble dance)**

**'till passing a meadow where fairy folk dwell.
(form large circle with arms.)**

**A wee little elf spied it out
(hand above eyes and peer about.)**

**With a sharp pointed finger he gave it a poke.
(poke finger into bubble.)**

And pop! (clap hands)

The little round bubble broke!
