

# See the Snowflakes

Fingerplay

**See the snowflakes falling down,  
Softly, softly to the ground.  
(Hold hands high, move fingers rapidly and bring hands to lap.)**

**They make a blanket soft and white,  
To keep the flowers through winter's night.  
(Pat lap gently with hands as though patting snow on flower bed.)**

**See the snowflakes on their way,  
Twirling, swirling as they play.  
(Same as first, but move arms around as brought down.)**

**Is it not a pretty sight,  
When all the earth is dressed in white?**
